

GREENSHEET DONATIONS

A SMALL WAY TO MAKE A BIG IMPACT!

Greensheet donations enable agents to give any amount within their means.

Giving is easy – you simply add any donation amount into the Kares 4 Kids deduction field on your greensheet. No donation is too small, because they all add up to helping children in need!

Why Promote Greensheet Donations in your Office?

- The greensheet donation option allows anyone to participate in making a difference in the lives of children, even if it's just \$1 per greensheet
- It's an easy way to help raise your total office donations all year long

Suggestions for Success

- Share Kares 4 Kids "AHAs" and good news at your weekly office Business Meeting at least twice per month
- Keep updated Kares 4 Kids event flyers posted around your office
- Create videos with your culture committee for your office's social media accounts detailing how to get involved with Kares 4 Kids through greensheet donations
- Consider organizing a Greensheet Awareness Initiative in your office by holding a raffle, hosting a potluck, or even picking up some breakfast treats to share. Theme your initiative with the color green, and flyers promoting donations to Kares 4 Kids using greensheets
