

# Hope FULL

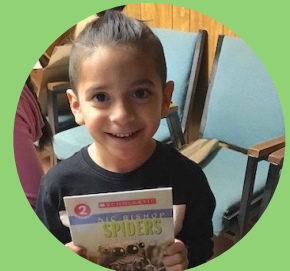

31 awesome children's charities, each hand-picked by our market centers, shopped to re-stock their shelves at our Shopping 4 Kids event. This simple event that began in September 2009 has grown into 100+ overflowing shopping carts, over 2,800 items purchased and fulfills often the most basic needs for children. We try to fill gaps for at-risk kids - and Shopping 4 Kids does that so well!

Changing the lives of our future leaders!

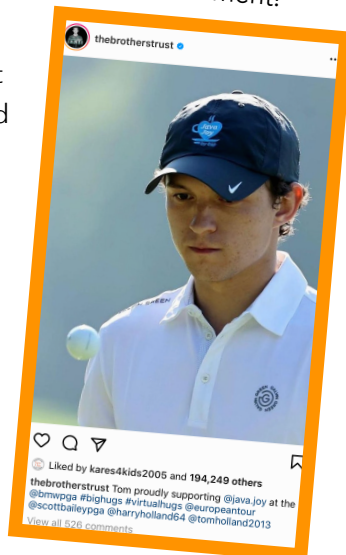

"The Kares 4 Kids book donations fill such a vital need in our communities, empowering our next generation through reading and education. It touches my heart that we can impact and forever change the lives of our future leaders. It's all about making a difference one child at a time."

I FELL IN LOVE WITH THIS IDEA TO HELP CATER TO TEENS IN NEED IN MY COMMUNITY THAT I ADORE SO MUCH!!

"Since starting with KW and becoming involved with Kares 4 Kids, I have truly seen the impact this program has on the community, especially the December gift cards for teens. Unfortunately in the Greater Athens area, we see an abundance of underprivileged families. Though there are programs already set in place to help support these families, we do see teens being left behind during holiday seasons. I fell in love with this idea to help cater to that specific need in the community that I adore so much!
